Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Sunday 11 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rather cloudy. Rain or showers at times. Misty overnight.

This Evening and Tonight:
Showers easing for a time before thickening cloud brings rain at times. This will turn showery with some limited clear spells. Chance of some heavy downpours. Staying mild, with generally light winds. Minimum temperature 11 deg C (52 deg F).

Monday:
Wet, misty start in places then another day of sunshine and showers, with these again slow-moving and potentially thundery. Showers perhaps more likely across western areas, mainly Pennines. Light winds. Maximum temperature 19 deg C (66 deg F).

Outlook for Tuesday to Thursday:
Isolated showers will develop on Tuesday, but these will be fewer and lighter than on Monday. Turning more settled from midweek with more in the way of strong sunshine.
